SOCIAL WORK HEALTH LEADERSHIP FOUNDATION DONATIONS

The Social Work Health Leadership Foundation (SWHLF) was established in 2005 by members of the Society for Social Work Leadership in Health Care to support the advancement of social work leadership in health care and eventually fund research in the field. Our current goal is for the Foundation to have sufficient assets to provide scholarships for less experienced Society members to attend SSWLHC educational opportunities along with financial support of the Leadership Institute and possibly be the vehicle for grants to study social work in health care issues. The Foundation would like to make as large an impact as quickly as possible and your donations will provide the funds to allow the Foundation to start these programs while maintaining financial stability so we can continue the programs each year.
