OUR PROFILE:

The Society for Social Work Leadership in Health Care is an association dedicated to promoting the universal availability, accessibility, coordination, and effectiveness of health care, while addressing the psychosocial components of health and illness. We model and promote excellence of social work leadership in health care. It is our mission to lead, promote, develop, and support social work values, practice, and leadership in health care.

OUR MEMBERS VALUE:

Self-determination: in making informed decisions.

Access: to necessary and optimal health services for all.

Advocacy: to advance change that enhances the quality of life.

Diversity: by respecting multiple value systems.

Collaboration: with individuals, professions, and organizations to achieve common goals.

Integrity: in our professional practice.

Leadership: in achieving professional, organizational and community goals.

THE SOCIETY'S GOALS INCLUDE:

- Assuring the best social work leadership in health care systems.
- Incorporating the core values of social work into the health care environment.
- Fostering and maintaining the best social work practice.
- Influencing social and health policy.
- Promoting standards and ethics for the delivery of social work in health care.

THE SOCIETY'S ACTIVITIES INCLUDE:

- **Educational conferences** and programs designed to address health care issues.
- **Opportunities for professional networking**, support and exchange of ideas.
- **Ongoing information and advocacy** on issues of concern to health care social workers, our organizations and the people we serve.
- **Health policy information** and avenues for direct action; health and legislative bulletins.

We do not sell member information. Once a year, a WA State Chapter Membership List will be sent to all members.
